Millington does it again!

Hi Comenius readers! We want to tell you about our fantastic football team and their recent sporting success.

On Thursday the 18th of May, Millington football team won their first trophy this year, the Mullen Cup. The game took place at Lakeview Park, Loughall and the opposition were a local team, St. John's.

Daniel Gardner opened the scoring for Millington after a mistake by the St. John's goalkeeper. Scott Richardson made the score 2-0 after scoring a screamer from 25 yards out. 10 minutes later Daniel Gardner scored another goal with his left foot from the 25 yard line.

The game appeared to be won when suddenly 10 minutes into the second half St. John's scored. Gary Lawless scored from a free kick and a short time later St. John's scored another goal to make the score 3-2.

Then the final whistle blew, celebrations for Millington Primary School but disappointment for St. John's.

Playstation Madness

Playstation Madness is wiping the nation while prices tumble down. Games are still very expensive though. Most games are more puzzles or racing such as Chessmaster and Colin McCrae rally. In the world Championship! In Chessmaster you face some of the world's greatest Chess players. The 3-D graphics are amazing!! So a cheaper console is a better console. What are your favorite Playstation games?

Monopoly

If you are willing to take 3 hours of your time, play Monopoly. You start off with 1,500 pounds and buy the streets of London, the capital of United Kingdom. You can be a nice fancy car or a boat! If you buy a street and your opponent lands on it during his/her travels then your opponent has to pay you money! The further you get round the board the more expensive the streets get. At Millington we just think Monopoly is a wonderful game to play! Besides, when do we get to handle such a lot of money!

POKÉMON

We have some marketable cards like Pokémon and Magic. But you can play with the cards to. Pokémon is like the TV-show and Magic has many more cards and has creatures and spells

and mana.

The older children play Magic as well as Pokémon. The younger children play more Pokemon than Magic, because Magic is very difficult and Pokemon not so.

There are shops where you can trade in Pokemon and Magic. But you can also trade at school in the brake.

BALL GAME:

We play here a lot of ball games. For example playing tag with the ball. We try to tag each other with the ball. We do that with many ball games. I play almost every day with the ball.

Goodbye, Chaya.

SKIPPING ROPE:

At this time we skip rope very much. Now it is also nice whether in Holland. For Skipping rope you need a rope and two children to hold both ends fast. They turn the rope around and then someone springs between them and the rope.

Our games free time

We play several different games or sports when we are at our free time. We play Basque ball, football, hand ball, hide and seek, policemen and thieves, who laughs first, skipping rope, blind mans' buff, cards... I'll tell you about some of them.

Skipping rope:

As you can imagine the game consists on jumping over a rope. You sing a song, anyone, and you match the rhythm while you skip. Two children hold the rope by each end and move the rope up and down making circles.

who laughs first

You may know this game. Two children stand face to face. The one who laughs first is out.

policimen and thieves

There are several different version of the ``run away and catch one another`` game. One of them is ``policeman and thieves``. We make two teams. One team are the policemen and the other the robbers. The robbers hide and the policemen have to find and catch them.

I just remenber another one called ``bulls``. One of us is the bull and has to catch the others with it's ``horns``. First we sing ``San Fermin`` song and then we start fooling the bull and running away from it.

De Twijn

From 28 April till 8 May we have holidays.

It's springtime in Holland and the weather is very nice. Sometimes it's 23 degrees. With you in Spain it's normal, but with us it's unusual.

In the week of May the 17th our school, De Twijn, exists 175 year.

Then we do a lot of funny things. Saturday the 20th is the big festival. Then we all are dressed up in the clothes of the 19th century.
